

HERBAL EXPOSITION IN THE MUSEUM

Herbal Exposition - financed by the Local Environmental Fund in Lublin Constructing an educational herbal exposition in the farmhouse of Janiszów, adjacent to the Czechówka River and the pond (stage II) Financial support of the Local Environmental Fund in Lublin allowed to complete the project entitled "Constructing an educational Herbal Exposition in the Farmhouse of Janiszów, adjacent to the Czechówka River and the Pond (stage II)." Within the project, photos and a film presenting a herbal garden and the inside of the cottage of Janiszów were taken with the aid of a drone. It was also necessary to further equip the herbal garden with Braille boards. Moreover, some wicker baskets, pots for infusing herbs and sacks for herbs were purchased as essential for completing planned workshops and educational courses.
