

The Lublin Open Air Village Museum

WEDDINGS

Dear guests,

All those who would like to bond together in the charming interior of a several-century temple, the Lublin Village Museum invites you to take advantage of the opportunities offered by this unique, seventeenth-century Church in Matczyn, a true sacral wooden architecture jewel. The unique atmosphere of our church will make you feel and experience the exceptional uniqueness of the moment, being a sacramental sign of Love, Christ and the Church.

The bride and groom and their guests will certainly be delighted by the church building itself. Built around 1668, the Matczyn Church is the oldest surviving wooden church in the Lublin Voivodeship. Built out of larch and covered with shingles, it captivates with its appearance and its atmosphere. Truly Spectacular.

We believe that you will find our cosy wooden church to be a unique and charming place and that it will be a wonderful addition to your wedding celebrations.

We invite everybody!
