

GRANT-AID FROM THE FINANCIAL MEANS OF WFOŚiGW IN LUBLIN

Grant-aid from the financial means of Provincial Fund for Environmental Protection and Water Management (WFOŚiGW) in Lublin enabled the open air museum to achieve the task of “buying a woodchipper for the needs of the Open Air Museum of Lublin.” The equipment will contribute to sustain the natural exposition of the museum, to use vegetative material to produce compost used for ecological plant growing, and to remove windfalls.
