

MUSEUM NIGHT GUIDING TOUR

in the Lublin Open Air Village Museum

For many years, on the third Saturday of May, the Lublin Open Air Village Museum joins Museum Night. Continuing this tradition, we invite interested persons to the free guiding tour of the selected expositions of the Lublin open air village organised by our Museum workers' in the evening.

The touring will take place in 15 person groups. **The museum does not use the booking system, and the order of arrival will be followed instead.** The first group starts the tour from the reception at 6 PM. Next groups will follow after a quarter. The last group starts the touring at 7:45 PM.

At the Museum Night, the Lublin Open Air Village Museum is toured only with a guide. Guiding tour of each group will take around an hour.

Guiding tour of the individual groups will take place between 6 PM and 9 PM.

We ask you to follow the enforced safety and sanitary regime on the Museum's grounds.
