

CLASSES ABOUT HERBS

registration

In August, we invite you to classes about herbs - devoted to the subject of herbs, herbal medicine, and the protection of the natural resources of the Lublin region. The lecturer will focus on ancient (today we would say - ecological) methods of curing diseases and horticultural therapy. Among the topics discussed, there will be information about the herbs occurring in the area of the open-air museum - including their identification, harvest time and health properties.

Classes will be held in the Powiśle sector and are scheduled on the following dates:

17th of August (Tuesday) - 10:00 am - 12:00 pm

21th of August (Saturday) - 10:00 am - 12:00 pm

29th of August (Sunday) - 10:00 am - 12.00 pm

Advance registration is required at: agata.witkowska@skansen.lublin.pl. Classes will be conducted in groups of up to 30 people.

Participation in the activities is free of charge but Museum entrance tickets are required (20 PLN/regular, 10 PLN/reduced).

The participants are supposed to gather at the reception building of the Museum.

Meetings with the herbalist are held as a part of the project entitled „*Ziołowa recepta. Ekoedukacja dzieci i młodzieży w Muzeum Wsi Lubelskiej*” (eng. “*Herbal prescription. Eco-education of children and youth in the Open Air Village Museum in Lublin*”), co-financed by the WFOŚiGW* in Lublin.

***WFOŚiGW** - it's a Polish acronym of *Wojewódzki Fundusz Ochrony Środowiska i Gospodarki Wodnej*. It's English equivalent is *Regional Fund for Environmental Protection and Water Management*.
