

Grandma's and Grandpa's Day

January 21-22, 2022

In our country we have been celebrating Grandma's Day since 1965, whereas Grandpa's Day has even shorter history.

These days, grandchildren show their grandparents exceptional gratitude for their education, care and mainly for their presence.

On this occasion, the Lublin Open Air Village Museum have prepared gifts for Grandmas and Grandpas who will visit our Museum with their children on 21st and 22nd January.

Gifts will be waiting at the reception. The number of them is limited.
