The emotions have subsided after the autumn edition of the event *Meet the cultural heritage of the Lublin region - The Museum for schools*.

On September 27 - 29, 2022, our Museum was revived with the work of traditional craftsmen.

The wheat was threshed with a flail, flatbread was baked in the bread oven, and the patcher explained how the thatch was placed. The invited folk artists and craftsmen revealed the secrets of spinning the threads, crocheting, making a traditional paper cutout, herbalism, weaving perebor, pottery, blacksmithing and many others.
